WEBSITE PROJECT OVERVIEW

An overview of the new Ferguson & Sons Mechanical website

A stronger online presence

The new Ferguson & Sons Mechanical website brings the company story, services, and customer contact experience together in one clear, professional destination.

Clear Service Presentation

Services are organized so customers can quickly find the help they need.

Easy Customer Contact

Call, text, and scheduling actions stay visible throughout the experience.

Strong Local Presence

Ferguson's family-owned, Chesapeake-rooted identity is front and center.

Mobile-Friendly Experience

The website stays simple, readable, and useful across screen sizes.

Built around the real Ferguson & Sons brand, team, and work.

What was delivered

A complete website experience designed to serve customers with clarity and confidence.

- **Custom website design and development**

A cohesive Ferguson-first digital experience.

- **Call and text actions**

Convenient options throughout the site.

- **Responsive experience**

Designed for desktop, tablet, and mobile use.

- **Customer scheduling and contact flow**

A clear route for customers to reach the team.

- **Main service and service-area pages**

Clear paths to the services and locations customers need.

- **Search-friendly page structure**

Organized pages that support online visibility.

- **About, reviews, contact, and supporting pages**

A complete story with trust and contact information in the right places.

- **Google Analytics and Search Console**

Connected for ongoing visibility and performance monitoring.

- **Maintenance Plan presentation**

The plan is easy to find and understand.

Designed to feel simple for customers and complete for the business.

WEBSITE EXPERIENCE

Clear, consistent, and customer-focused

A polished Ferguson experience across key pages and screen sizes.

Homepage experience

Clear messaging, service access, and contact flow from the first screen.

Mobile service and contact

Mobile maintenance plan

Built to help customers take action

The website is designed to make the next step easy, whether a customer is ready to call, text, schedule service, or learn more about the work Ferguson & Sons provides.

Call Us

Prominent phone access throughout the site.

Text Us

A simple text-message option for fast customer contact.

Schedule or Contact

Clear scheduling and contact paths in key moments.

Service Information

Easy-to-find pages for repair, maintenance, installation, and more.

Trust Elements

Reviews, local identity, and maintenance-plan visibility help customers move forward.

Designed not only to look professional - but to help customers take the next step.

Ready for ongoing monitoring

Website analytics are set up and available for ongoing monitoring. This gives Ferguson & Sons a clear foundation for understanding website visibility and visitor engagement over time.

1

Google Analytics

Website traffic and visitor engagement.

2

Google Search Console

Visibility in Google Search.

3

Ongoing Data

Performance can be monitored over time.

A simple foundation for visibility and performance tracking.

PROJECT COMPLETION

Website project complete

- Website is live on the Ferguson & Sons domain
- Core website build is complete
- Desktop and mobile experience is complete
- Analytics and search tracking are connected
- Website is ready for ongoing customer traffic

Thank you for trusting Elevate Local with the Ferguson & Sons Mechanical website. It was a pleasure bringing the new online presence together, and the site is now in place to support the business going forward.
